Please note that the course selections you are making on this worksheet provide necessary information in the building of the master schedule. They do not imply any specific period of the day, semester, or a specific teacher. We are asking for alternate selections in case an elective class you'd like to take is full.

Guidelines for changing the list:

1. All requests for schedule changes must be submitted by 2:45 pm on June 6th, 2017. You must email your request to your school counselor.
2. **The June 6th deadline applies to requests for both 1st and 2nd semesters.**
3. Once this list is submitted, changes will only be considered on a "space available" basis.
4. Keeping the same teacher for both semesters of a course is not guaranteed and schedules will not be adjusted to keep teachers.
