

How to access your network folder at home

Go to <https://aurora.sacs.k12.in.us/> Log in using your username and password that you use to log into the computers at school.

To see the folders inside your network folder click on your username numbers. To download a file click in the box next to the file and then go to the "File" menu at the top of the list and choose "Download" select "save to disk" if given the option choose where to save the file on your computer.

To upload a file go to the "File" menu at the top of the list and choose "upload" a window will open browse your computer to find and select the file and click "OK"
